

MLA Style Guide

Sunapee Middle High School Library
Sunapee, New Hampshire

2010 Edition

Note: This style guide provides examples of works cited entries. It is by no means an exhaustive list and it by no means substitutes for more complete style guides found online and on the library's reference shelves. For a more detailed explanation of the formula for each entry, consult Mr. Palin. While students may also consult online tools such as EasyBib, it should be remembered that using such tools does not guarantee formatting accuracy. All auto-generated citations should be checked against a reliable style guide.
